# 2008 Annual Scientific Meeting

September 3-4, 2008

in conjunction with

Fairmont Hotel Vancouver, British Columbia

**Canadian Coalition for  
Seniors' Mental Health**

## Why you should attend this conference

The CAGP Annual Scientific Meeting brings together participants from across Canada and provides an opportunity to network with colleagues and exchange ideas while gaining up-to-date knowledge on managing key issues in seniors' mental health. In addition applications are being made for Maintenance of Certification (MOC) and Mainpro-M1 accreditation.

Almost 200 people attended the meeting in Montreal last year and we are proud to be hosting this year's meeting on September 4, 2008 at The Fairmont Hotel Vancouver, British Columbia. It will be held in conjunction with a one day CCSMH Conference on September 3, 2008 where CCSMH guideline implementation will be discussed.

Your support to the CAGP & CCSMH allows us to provide high quality education to a range of professionals interested in the field of seniors' mental health.

Please note that this year's conference will only be provided in English.

## Who should attend

Any professional interested in the mental health of seniors.

## About CAGP

The Canadian Academy of Geriatric Psychiatry (CAGP) is a national organization of psychiatrists dedicated to promoting mental health in the Canadian elderly population through the clinical, educational and research activities of its members.

The CAGP is a member of the Council of Academies of the Canadian Psychiatric Association. The organization has an Executive, Board and supporting committee structure. There are approximately 200 current members. The CAGP is committed to a number of activities that supports its current and future membership as well as their clients.
